CHECK

Campus was filled with excitement on Friday, August 4, as students, faculty and staff returned for the start of the 2023 – 2024 school year. The day began with student orientation - grooming check, taking school pictures, completing forms and so on - and concluded with a “mini-schedule” for 7th and 8th graders. The mini schedule was provided so our younger students could learn where their classes are and briefly meet their teachers. This year marks the beginning of our 170th session and we could not be happier seeing all the smiling faces return to campus. Go Rocks!

Reflecting on his time at SSC, Marshall says, " I have called Saint Stanislaus my home for the past 15 years. From starting off in 7th grade to becoming part of the camp family at the age of 15, I can say without a doubt Saint Stanislaus has played an integral role in shaping the man I am today. Camp Stanislaus also holds a very special place in my heart, and as I step into the role of director, I can't help but feel thankful for all the blessings that both Camp and SSC have bestowed upon me over these many years. I'm excited to lead the camp with the same passion and dedication that those who came before me have shown."

Support Today

In order to make a Saint Stanislaus education attainable for as many young men as possible, tuition has never covered the full cost of a Saint Stanislaus education. The difference between tuition and the actual cost each year is made up by what we now call the Character Fund, which is our annual appeal. Since every current student and alumnus has benefited from this practice, we ask all friends, graduates, and parents of alumni and current students to do for others what was done for you and contribute to the Character Fund. Your support helps us continue our mission and provide for young men as we always have.

Why We Give
Ashley and I believe that one of the most important forces for good in the world is a man of character. We also believe that men of character do not just happen — they are formed and nurtured. Saint Stanislaus instills in their students a relationship with God; compassion and service for neighbors; and a humble view of self. Once those priorities are ingrained, they strengthen their students' minds and bodies to use the gifts, skills, and talents given by God to carry out His plan in the world. We give to Saint Stanislaus because Saint Stanislaus has been turning boys to men of character for over 170 years — a vital mission in our world today.

Klagetoh Mission Trip

Our Thanksgiving 2023 missionaries: Chaperones Perry, Owen, and Letha Boudreaux, students Liam Glover, Will Ascherl, Clayton Fletcher, Ruston Breisacher, Athan Alexander, Riley Cook, Lane Burroughs, and chaperone Cole Marshall.

Every Thanksgiving and Easter we send a group of student missionaries to St. Anne's Mission in Klagetoh, AZ. St. Anne's has been an active ministry of the Brothers of the Sacred Heart for many years. While there, our students perform mission work in the form of physical labor - whatever the people may need. This includes things like: chopping and hauling firewood, pulling sagebrush and cactus, painting homes, building or demolishing sheds, constructing additions to homes, digging foundations, digging the hole for outhouses, cleaning out sheep and horse corrals, building and repairing fences, cooking, stocking the food pantry, hosting family fun nights, Easter egg hunts, etc.

Another aspect of this mission trip is an opportunity for our students to immerse themselves in the Navajo culture and try to live their life in hozho (which translates to beauty and harmony). The "theme" of the Saint Stanislaus mission trip to Klagetoh always revolves around this idea of hozho - "Walk in Beauty."

Sports Update

The football team ended the 2023 gridiron season with a 49-14 loss to Noxubee County in the second round of the Class 3A state playoffs on Friday, November 10. The Rocks had 22 players named to the 8-3A All-Region All MVP and 1st Team. Evan Noel was named Special Teams Player of the Year, Jacob Bradford was the Defensive Player of the Year, and Ian Gonzalez Rioz was named Region Player of the Year. SSC ended the season with a record of 9-2 and won district 3A Region 8.

The basketball team has started their season on the hardwood with a 5-4 record playing mostly larger schools. The first few games were played without a full team, as football was still competing in the playoffs. Now that the full team is assembled, the Rocks are looking to make a push forward when the division schedule opens following the holiday break.

The soccer team sits at 4-3 overall with the bulk of the division schedule not taking place until after the holiday break. The Rocks will use the break to prep and be ready to surge forward in division action when play resumes in January.

Saint Stanislaus hosted its inaugural Alumni Baseball Game on Saturday, February 1. Former Rock-A-Chaws from five decades took the field, with teams divided by even and odd graduation years for a spirited seven-inning matchup. The day was filled with camaraderie, competition, and plenty of memories shared among teammates past and present. We are also sure there were a few sore muscles the next morning. If you missed this year's game, we hope to see you at the next one around this time next year for another great day of baseball and brotherhood.

Character Fund

For 171 years, Saint Stanislaus has been a cornerstone in shaping young men of character, instilling values that last a lifetime. Rooted in our Catholic tradition and the Brothers of the Sacred Heart's mission, we strive to provide an education that not only develops minds but also nurtures hearts and souls. True to this mission, we remain committed to making Saint Stanislaus's education as accessible as possible.

Historically, tuition alone has never covered the full cost of the SSC experience. To bridge this gap, we rely on The Character Fund, our annual appeal, which ensures that every young man who walks through our doors receives the full benefit of our academic, spiritual, and physical growth. This fund supports scholarships, enhances classroom experiences, maintains our historic campus, and allows us to continue providing the well-rounded education that defines Saint Stanislaus.

Since every current student and alumnus has been shaped by this tradition of generosity, we invite all friends, graduates, and parents of alumni and current students to pay it forward. Your contribution to The Character Fund directly impacts the next generation, preserving the legacy of excellence and brotherhood that has made Saint Stanislaus a beacon of faith, knowledge, and service. Together, we can continue to inspire young men to lead with integrity, serve with compassion, and live with purpose.

Make an investment in this vital mission today!

SSC Hosts Government Breakfast

Saint Stanislaus hosted its third annual Government Officials Breakfast on January 24. The event was attended by national, state, and local government leaders who gathered for a breakfast and business discussion. This year's keynote speaker was Congressman Mike Ezell of the 4th District of Mississippi. In his speech, Congressman Ezell emphasized the importance of following one's calling, as he shared his own journey from a career in law enforcement to serving the citizens of the 4th District. He encouraged students to pursue their dreams and aspirations. Along with Congressman Ezell, senior Will Ascherl and junior Sam Favre shared their experiences at Saint Stanislaus. The event concluded with a roundtable discussion from the mayors of Bay St. Louis, Pass Christian, and Waveland, as well as the City Manager of Diamondhead, who spoke about the activities in their respective cities.

From a Senior's Perspective

Hello Alumni! My name is Brady Wallis and for the final part of my senior year I will be sharing with you insight from a month in my life as a senior at Saint Stanislaus. I am a starting pitcher on the baseball team, a Marine Science Intern, an Alumni/ Advancement Intern, a Student Ambassador, and a member of other student organizations. There are many events that occur at Saint Stanislaus each month, and I will cover a few of them in this newsletter.

In January, baseball and track practices started when we returned from Christmas break. I was excited to get back out on the diamond with my teammates for my final year and hopefully work hard enough to go back to State. Two days after we got back from break, fellow senior classmate Jacob Bradford signed his commitment to play football at Louisiana Tech University. He has played in varsity games since the 8th grade and has worked really hard to get to where he is today. He will be following in his older brother Jordan's, footsteps who also played football at LA Tech from 2015 through 2018. On the 13th, I helped with the Alumni Reunion. I was a greeter at the door in the Mall and got to meet many alumni. It was a great experience to help out at the event. On the 14th, I chose to go with a few of my classmates and other Catholic school students to the March for Life in Biloxi. We participated in a Mass that was led by Bishop Kihneman.

The next two days we were off for Martin Luther King Jr. Day, and then a freeze day. I spent those two days with my friends playing basketball and at the gym. After that week, I went to Mississippi Gulf Coast Community College on a visit for baseball. I got my first college offer to play baseball at the next level. I am really excited that all of my hard work is paying off and that I will be able to continue to play baseball in college. On that same day, the Government Leaders breakfast was held where my friends Will Ascherl and Sam Favre delivered great speeches to local, state and congressional leaders. This day was finally capped off by fellow senior Matthew Simpson and math teacher Mr. Roy winning STAR student and teacher awards. It was a great and busy month, and I am looking forward to the last few months of my senior year at SSC.

Freshmen On Retreat

The Saint Stanislaus freshmen class went on retreat Wednesday, January 17, at St. Clare Church in Waveland. Their retreat focused on relationships with themselves, God, and those around them.

From a Senior's Perspective

February was extremely busy and exciting for me. It kicked off on a high note when I went on my second college visit to East Mississippi Community College. I enjoyed the campus and the baseball facilities. I got to see two of my former teammates, Hugh Lemasters and Hill Gainey, who graduated last year and are now playing at EMCC. A week later I celebrated my birthday on the 8th. On that same day we played two Jamboree games against Pearl River Central at PRCC. I pitched an inning of the first game and did well. I would have liked to have won both games for my birthday, but sadly, we lost them. The next few days we were determined to beat Harrison Central for our first real game of the season. When the day came to play them on the 12th, we were ready. This would be my first official start on the mound for my senior year and I threw the best game of my career. My teammate Sam Pike and I threw a combined no hitter and we won the game. This was a great way to bounce back from those two rough losses against Pearl River Central.

The 14th was Ash Wednesday, and since we were on break for Mardi Gras holiday, Coach Corley got the baseball team together to attend Ash Wednesday Mass at OLG Church. After Mass, we had practice to prepare for our game against Stone County the next day at Mississippi Gulf Coast Community College. I played first base and batted fifth in the lineup. I struggled at the plate, but saved our team by making a great play at first and throwing the runner out at home to get the tying run out. We won 7-6 against Stone. The next day the soccer team played in the State Championship game at Madison Central High School, so with my mom’s permission I was able to take her car to the game with a few of my friends to cheer on our classmates who were playing. They ended up losing, but I enjoyed being able to make memories with my friends on the ride to and from the game. We returned to school on Monday the 19th. The next day we played our second home game against Vancleave. This was a rough game for me. I pitched and gave up nine runs. We lost 13-3. I was extremely frustrated with my performance that night, but I learned to leave it in the past and not let the bad outing define me as a player.

A few days after that, I went on a visit to Jones County Junior College. I loved everything about Jones. It's close to Hattiesburg, so I could visit my friends at USM, and it's a great baseball school. The next day I prepared to play against D’Iberville. I was determined to get out of my hitting slump and I did. I went 1-3 that night with a single, a line out, and a ground out. We won the game 10-6. The next day we had to get up early for a Saturday game against Resurrection. We won 18-8. I went 2-5 with two singles. On Tuesday the 27th, we played our sixth game against Pascogoula. I started on the mound and was ready to prove myself as a good pitcher. I threw four complete innings, recorded ten strikeouts, and only allowed one hit. We won this game by run rule 12-0. And finally to top off the exciting month of February, I committed to Jones County Junior College. I am excited to play there next year. I am thankful for everyone who has congratulated me and helped me get to where I am today.

Lenten Mass

Saint Stanislaus gathered at Our Lady of the Gulf Church for a Lenten Mass on February 22.

Matthew Simpson Named National Merit Finalist

Congratulations to senior Matthew Simpson who has been named a Finalist in the National Merit Scholarship Program. Only about 15,000 students in the United States and U.S. Territories achieve this honor, which also qualifies him for a number of National Merit Scholarships.

Sports Updates

The Basketball Rocks' season came to an end in the first round of the state playoffs at Crystal Springs with a score of 43-55. The Rocks finished the season 3rd out of the District Tournament with a record of 13-16. This is tied for the second highest win total in a season in ten years. The program will say goodbye to 11 seniors.

The Soccer Rock-A-Chaws had an outstanding regular season and were crowned Class I South State Champions after defeating the Sacred Heart Crusaders 2-1. However, their journey came to an end in the state championship game against St. Andrews, where the Saints scored two goals in the first half and held the Rock-A-Chaws scoreless to claim the state title. The Rock-A-Chaws finished in second place, concluding the season with an impressive record of 16-4-2.

Congratulations to the Soccer Rocks on a successful season!

The SSC Track Team started their season on February 17 with the 27th running of the Rock-A-Chaw Relays. The junior high and high school squads competed in a field of eight teams. As a team, the junior high finished 2nd while varsity took 3rd. Next on tap was a full meet on the road for the junior high Rocks. Will Compretta, Nathan Guidry, and Fisher Smith, who all ran in four events, turned in solid performances. Nicolas Hebert also turned in a gritty performance in the two mile run. The highlight of the day came in the meet's last event, the 4 x 4 relay. William McElroy, Nathan Guidry, Fisher Smith, and Will Compretta ran a great race, finishing third at the line in a close finish. Coaching the Rocks this year are Christian Baehr '02, Zach Villarrubia, Tate Thigpen, and DP Daigle.

The Baseball Rocks are off to a fast start (5-1) with wins over Harrison Central, Stone, D'Iberville, Resurrection Catholic, and Pascagoula. Their only loss was to Vancleave to start the season. They look to continue their push to make it back to the State Championship like last year, and with strong pitching and hitting they are well on their way

The LAX Rocks season has started and they currently have a record of 1-2 with losses to Brother Martin and Jesuit and a win against Rummel. Charlie Brown led the Rocks in the win over Rummel with three goals; Sam Watkins and Malachi Walter both had two; Jet Sierra and Machi Watler each added one goal; and Will Ascherl recorded one assist.

Ted Longo (SSC ’81) competed in the 2024 Arnold Classic Sports Festival in Columbus, Ohio on March 1. He was in the USA Powerlifting (USAPL) Masters equipped division, for 60-year-olds in the 200 pound class. USAPL was founded at Saint Stanislaus by Brother Bennett Bishop to give drug-free athletes a path to compete in powerlifting. Ted trained under Br. Bennett when he was a student at SSC and was proud to represent his mentor and his high school at this event. Ted set three Mississippi state records for his age and weight class. He squatted 462.9 lbs., benched 314.1 lbs., and deadlifted 523.6 lbs. for a total of 1300.7 pounds.

Special thanks to **Geoff Kergosien** (class of ’81), who also trained with Br. Bennett, and to Steve Lemarie for coaching at the meet. Ted is scheduled to compete in the USAPL national championship in Greenville SC in July of this year. He will drop a weight class to 198 lbs/60-year-olds.

From a Senior's Perspective

March was quite a long month for me. It was filled with lots of rough days, but I made the most of it. We started the month off with a special lunch that was created to help raise funds for students who traveled to Klagetoh, Arizona during spring break. The next week, on the 6th, we played game #1 against Columbia. I started on the mound for this game. I gave up a few runs off of errors and walks, but we made a comeback win later in the game. The next day we went to Columbia's field and played there. We got shut out and lost the game by nine runs. This loss didn't sit well with me. For our next game against West Marion, our first district opponent, I started on the mound and threw an amazing game. I threw 5 ⅓ innings and recorded ten strikeouts. We won 5-2, and I was glad to see us rebound from such a rough loss before.

Our next game against West Marion was a wild one. There was a thick fog that set in when the game started, so the vision for both teams was limited. The fog was so bad that neither team's outfielders could see the batter from where they were. The umpires decided to call the game in the 6th inning after West Marion scored seven runs off of easy pop-ups that our fielders lost in the fog. The umpires took those seven runs away from them, and made the final score 6-5, West Marion. The morning after that wild game, on the 15th, I put pen to paper and officially signed to be a pitcher with Jones College! I signed with teammate Chesley Rhodes, who is going there to hit and play outfield. I am excited to see what my future holds. On the 19th we played our second district series against Perry Central. I was the starter on the mound. I didn't have all of my pitches, so I just had to get the job done by filling up the strike zone and letting my defense work behind me. We won the first game of the series 13-3. We lost a rough second game to Perry Central 4-2. We underestimated them after taking such a big win in the first game and weren't ready for this one.

The next week we played our district rivals, St. Patrick. I got to start on the bump for game one. I threw one of the best games of my career. I threw a complete game, only allowing one run on five hits, and struck out six batters. We won by a score of 2-1. We played them again the next day and lost by a score of 3-1. We had to move on from the loss and prepare for the final district games that we would play over spring break. This was topped off by the Holy Thursday prayer service on the 28th. During this service, we recognized all of the people who were going to Klagetoh, Arizona over the spring break.

Easter Service

Saint Stanislaus gathered at Our Lady of the Gulf Church for a prayer service held on Holy Thursday, March 28. During the service, missionaries leaving that day for the Navajo Reservation in Klagetoh, Arizona were commissioned. Student missionaries Athan Alexander, Will Ascherl, Ruston Briesacher, AJ Chapman, Charlie Brown, Clayton Fletcher, Liam Glover, Devon Guille, Hunter Holland, and Mason Laville joined Ms. Letha Boudreaux, Mr. Daniel Grieves, and Mr. Cole Marshall on the mission trip that encompassed the full Easter holiday break.

Sophomore Retreat

The sophomore class retreat was held March 27 at St. Clare Church in Waveland, with a theme of responsibility. Students participated in an introspective look at themselves with regard to the new responsibilities they are often exposed to including driving, peer pressure, and faith development.

Sports Updates

The Rock-A-Chaw Track & Field team competed in the Cory McGee Classic at Pass High over the Easter break and placed 2nd overall as a team. Tripp Lee finished 3rd in the 400M dash, Blake Henley finished 3rd in both hurdle races, and the Rocks shined in discus, with all three of our throwers going over 114 feet. Brett Tyler won the event with a throw of 130 feet 4 inches, while Salvatore Ricciardi and Robert Kergosien finished 3rd and 4th respectively. Brett also won the shot put contest. Riccardi and Kergosien were solid in that event as well. Good luck to the Rocks competing in the Division 8-3A meet, where they will face defending state champion Tylertown and coast rival St. Patrick.

The Baseball Rocks are off to a 12-7 start and are currently on a three-game win streak with wins over Tylertown and Pass Christian. They look to finish the season strong as they move into postseason play. The Rocks are led at the plate by Chesley Rhodes at .348, Henry Nunmaker at .345, and Brady Wallis at .333. On the mound, the rocks are led by Brady Wallis (6-1, 3.5 era) and Sam Pike (1-0, 2.15 era).

Congratulations to the SSC sailing team for winning the Mississippi State Championships held at the Bay Waveland Yacht Club this past month! Team captains Devon Guille and Ruston Breisacher dominated in fleet racing, taking first place in every race, while Aidan Castle and Lane Burroughs had top-three finishes in each. The combined scores put Stanislaus in first. Landon Newton and Kade Johnston joined the others to form a trio of winning boats in the Team Racing competition. Way to go Sailing Rocks!

The LAX Rocks season has been going strong with a current record of 2-4. In their latest game, they defeated Archbishop Shaw High School with a final score of 12-8. Senior Charlie Brown led the Rocks with five goals, Jet Sierra added three, Machi Watler had two, and Malachi Watler and Sam Watkins each added one. Mason Laville records the win at goal.

The 4x8 relay team also advanced to South State after their 3rd-place finish. At South State, the Rocks had a good showing and finished 7th out of 20 teams.

The Baseball Rocks finished their season with a tough 8-6 loss to Southeast Lauderdale in the second round of the playoffs. They finished the season 17-11. The inaugural Ladies Bingo Night at Saint Stanislaus was a roaring success. Attendees enjoyed reuniting with old friends and making new ones. More events like this will be planned in the future—stay tuned!

From a Senior's Perspective

April was a busy month for me with baseball to senior events. During Easter break, we played four baseball games. Our first game was against Pleasure Ridge Park from Kentucky, Coach Corley's alma mater. We lost 7-6, I went 2-3 at the plate with two singles and a walk. We struggled to hit as a team at the beginning of the game, but eventually, our bats woke up and we were able to make it a close game.

As the regular season wound down, we played a district doubleheader at home against Tylertown, winning 12-2 and 7-0. Next we beat Pass Christian 15-12, then had two games against Poplarville. We won game one 15-9, and I went 1-4 with a single and a walk. I came in during the last inning to close the game, recording two strikeouts. The next game was Senior Night. There were banners on the field featuring the seniors, and before the game, each senior gave his mom a rose, and our dads threw out the first pitch. I was the starting pitcher, but didn't have my best stuff, going 4.2 innings and giving up five runs. But we started hitting the ball late in the game and won on a walk-off hit-by-pitch from Will Powell.

Our next game was an exhibition game against West Jones, one of the best teams in 6A. We put up a good fight, losing 3-1. I had two walks and a groundout and played first base.

Our next senior activity was Adulting Day at Hancock High School, an event for all the seniors from Hancock County schools. We learned how to prepare for college and how to live on our own. A few days later, many of us seniors went to St. Rose De Lima Church to mourn the loss of our religion teacher, Ms. Brennan, who passed away after a long battle with cancer. She was a great teacher who always wanted the best out of us, and I am going to miss not being able to see her when I come back to visit next year.

The day after the funeral, we had our first playoff series of the year against Jefferson Davis County. I pitched in the first game, going five innings and only allowing two hits. We won 12-2 by 10 run rule. The next day we traveled to their field to play our second game. I had a great day at the plate, going 2-3 with a double, a triple, and a fly out. We won 15-0.

The next week, I got to spend a class period at Holy Trinity with the kindergarten class. The teacher, Ms. Trapani, let her students spend time playing outside with my classmate Will and me. It was fun, and brought me back to when I was a five-year-old without a care in the world.

Then we started our second playoff series against Southeast Lauderdale. I pitched four innings allowing one run, and then in the 5th inning, I gave up a grand slam. We lost 6-0. The second game was at home and I played first base and went 1-3 at the plate with a single, a walk, and two groundouts. We won 6-2, which forced a game three. Our prom was on the same day as the second game and I had a good time. We took pictures and ate dinner at classmate Christopher Mavar's house, then rode a party bus to the dance. I loved spending my last prom with all of my friends from SSC and OLA.

The Monday after prom, we traveled back up to Southeast Lauderdale for game three and were up 6-0 before they started hitting and we lost 8-6. This loss ended our season and, it was a rough way to end my high school career. I am so thankful for everything the SSC baseball program has done for me, and I will always remember the memories I made with my teammates over the six years that I played here. I am fortunate to have the opportunity to continue my baseball career next year as a pitcher at Jones College and I am forever grateful for it.

From a Senior's Perspective

May was my final month as a student at Saint Stanislaus. The school and our student body did an amazing job of sending us off with a few final events. To kick the month off, the school provided a senior luncheon. All of the senior moms got together and catered a bunch of food for us to enjoy which included lasagna, Caesar salad, and a ton of dessert options. The next day we had senior ski day. I tried the kneeboard for the first time and I didn't do too bad. It took me a few tries to learn how to hold my balance, but I looked like a pro once I did.

A few days later about 2/3 of the seniors gathered early in the morning by the Bay Bridge before school and biked to school. This will be something I will never forget. I loved how most of our class came together and pulled off such a great plan to get to school. A week later, the school put on a senior steak lunch. Mr. Bob Sayle and the kitchen staff cooked us a gourmet meal of steak and mashed potatoes. It was so good that I got seconds. The next day was our last official day as seniors at Saint Stanislaus. We all assembled in the Brother Peter Gym to listen to alumnus Gabe Sandoz share some wisdom for our upcoming college experience. After Gabe's speech, we walked through the covered walkway near the Blaize Gym, while students from the other grades cheered and said their goodbyes. I was sure to hug all of my friends and teachers who helped get me through all of my years at SSC.

My time at Saint Stanislaus was finally capped off with the graduation Mass. Valedictorian Clayton Fletcher and Salutatorian Cameron Gremillion gave incredible speeches during the Mass. When I walked across the front of the church to receive my diploma, I looked for my parents in the crowd and saw them smiling. Seeing this filled me with joy. I am extremely thankful for them and everything they have done and sacrificed, to allow me to attend Saint Stanislaus. Words cannot express my gratitude for such caring and loving parents. To end the graduation Mass, I lead my class in the alumni pledge, officially making us Saint Stanislaus alumni. I will never forget my time at SSC. I have made numerous memories with my friends over my six years. I hate that I may not see some of these friends again for a while, but I know they will all go off to the next chapter of their lives with a good foundation. I am thankful that God has given me another chapter in my life that will challenge me and make me a stronger person.

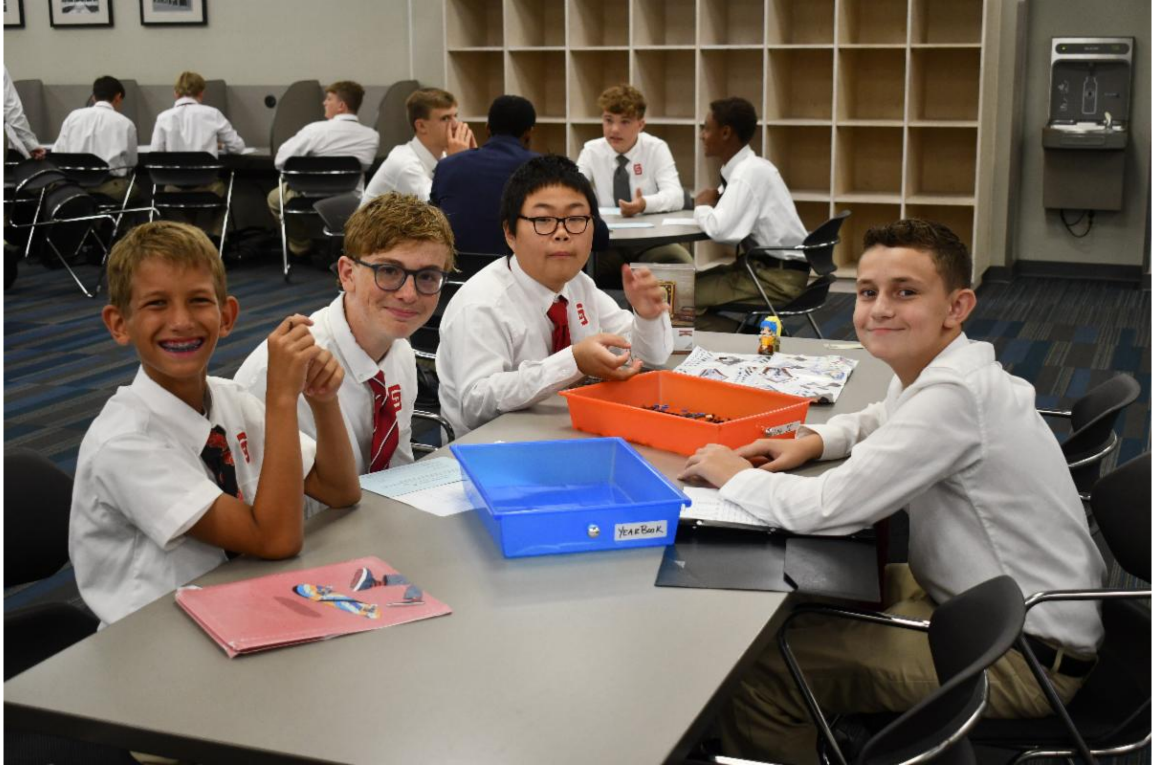
Back To School



The campus was filled with excitement on Tuesday, August 6, as students, faculty, and staff returned for the start of the 2024-2025 school year. The day began with student orientation—grooming check, taking school pictures, completing forms, and so on—and concluded with a "mini-schedule" for 7th and 8th graders. The mini-schedule experience was provided so our younger students could learn where their classes are and briefly meet their teachers. This year marks the beginning of our 171st session and we could not be happier to see all the smiling faces return to campus. Go Rocks!

Another Busy Summer

Camp Stanislaus Holds 96th Session

Throughout the months of June and July, Camp Stanislaus hosted over 700 campers during its 96th session. Campers were immersed in activities including sailing, skiing, fishing, swimming, and arts & crafts. Father/Son, Water Sports, and Marine Biology camps were also offered this summer.

Athletic Camps Bring Students To Campus

During the summer, our baseball, basketball, football, and soccer teams hosted specialty instruction camps for boys and girls ages 6-14. Members of the coaching staff and varsity team members conducted the camps, teaching campers the fundamentals of their respective sports.

Sophomore Adam Oliver led the offense with 97 receiving yards, along with junior Brayden Mcdonald with 70 yards on the ground. The defense was led in tackles by junior Chris Faila.

The Golf Rocks had a busy month, starting the year with their first tournament at Whispering Pines and claiming 5th place. The team was led by Jack Lawson who shot a 72 and Collin Wahl with a 79. Their second tournament was at Diamondhead Country Club, where they finished 4th out of 20 teams. Jack Lawson led the Rocks as the low medalist with a 73 and Collin Wahl with an 80. Their third tournament at Windance Country Club resulted in a 1st place finish. Jack Lawson led the Rocks with a 77, followed by Ayden Spear with a 79, and Carter Hopkins with an 80.

In the pool, the Aqua Rocks are making waves as they continue their hard work in the water. They defeated Gulfport in their first meet with strong performances by David Taylor, Noah Failla, Blake Shaw, and Blake Henley. They also competed in the 2024 Coastal Invitational with an impressive performance, coming in first place in all but one relay. Gibson Williams, Blake Shaw, and Noah Failla all placed first in their events. A big shoutout to Gibson Williams for breaking six of his own SSC records so far this year.

August marked the beginning of a new era for Saint Stanislaus cross country, as the team came together under the leadership of new head coach, John Bezou '94. Battling the extreme heat and humidity, the team showed resilience and determination throughout the month at practice and in competition. At the Cory McGee Classic held August 17th, senior Clay Hall led the varsity squad with a top 20 finish in 12:12, while strong performances by Charlie Hoffmann and Bobby Hebert contributed to the team's 6th place overall finish. As the temperatures begin to cool, the team looks forward to building on their early efforts. Upcoming meets, including the Hawks Invitational, the MHSAA Red, White, and Blue Run, and the Country Day Cajun Classic, will be crucial steps in their journey to the State Championships on October 31st in Jackson.

Sports Updates

The Saint Stanislaus Rock-A-Chaw football team finished the regular season with a record of 4-6 overall and 1-3 in Division 8-3A play with a win over St. Patrick on October 18 (37-0) and losses to Perry Central (50-28) on October 25 and West Marion (32-3) on November 1. The Rocks will visit #1 seed Noxubee County for the first round of the State 3A playoffs tonight at 7:00 p.m.

The Running Rock-A-Chaws recently closed out their cross country season with a powerful run at the MHSAA 3A State Championships on the Mississippi College Choctaw Trails course. The fast course, overcast skies, and light breeze set the stage for what would become the Rock-A-Chaws' best team average pace in three years—an impressive 20:20.9! Against twelve very strong teams totaling 84 runners, our boys delivered a standout 4th place finish with 105 points. Sophomore Lochlan Miller showed incredible grit and determination by leading the team with a time of 19:53. Senior Bobby Hebert along with freshmen Will Compretta, Connor Bauer, and Jonah Luther, also ended their seasons with personal bests, a testament to their dedication and hard work throughout the year. As the team crossed the finish line, it marked the end of an era for our four seniors, who have led this team with heart, resilience, and an inspiring dedication to their teammates and the Rock-A-Chaw spirit. Clay Hall, Bobby Hebert, Micah Bishop, and Rylan Fairley leave behind a legacy that will be felt for seasons to come. From start to finish, this team has run with the true spirit of SSC. Congratulations to all our Rock-A-Chaws on an incredible season!

The SSC swim team placed 2nd overall at the State meet in Tupelo. There were two state records set by Gibson Williams in the 200 free (1:38.68) and the 100 fly (50.13). School records were also set in the 200 free relay by Gibson Williams, Vince Vorrath, Noah Failla, and Blake Shaw with a time of 1:35.02 beating the time of 1:35.13 set back in 2017. Congrats to the Aqua Rocks for another stellar season.

The SSC Golf Rocks participated in the Mississippi High School 3-A State Championship at Shiloh Ridge in Corinth. The team, which consisted of Jack Lawson, Ayden Spear, Mitchell Thompson, Collin Wahl, Carter Hopkins, and Caleb Darby, finished as the 3-A State runner-up. The Rocks were led by Mitchell Thompson who finished in 5th place, earning him All-State Honors. Congratulations to the entire golf team on a successful season.

The Soccer Rocks kicked off their season against the Hancock Hawks and secured their first win of the year defeating the Hawks 4-0. Bernardo Salvador led the team with two goals. Oren

Doxey and Colin Lyons each added a goal; Man of the Match went to Cole Shirley. This past Saturday, the Rocks took on George County and defeated them 3-1, with goals scored by Oren Doxey, Kimani Kimotho, and Ethan Cuevas; Man of the Match went to Oren Doxey. The Rocks are off to a great start with a record of two wins and no losses, in hopes of winning another State Championship after coming up short last season in the championship.

Rockin' the Bay was held on November 16 in the mall and plaza, and the result was a big success! SSC Holds Open House

Saint Stanislaus held its annual Open House on Tuesday, November 19. Many families attended from throughout the coastal area with prospective students at various feeder schools. SSC students led customized tours for these students and their family members while teachers, club moderators, and coaches answered questions regarding their respective classes, clubs, and teams.

Feast of Saint Stanislaus

College
Since 1854

The school celebrated the Feast of Saint Stanislaus on Friday, November 15. Students and faculty attended a prayer service focused on the life of Saint Stanislaus Kostka, our school's namesake. Following the prayer service students spent the morning performing works of service on campus and throughout the community. After lunch, the student body competed as teams in a variety of activities and games that concluded with a student vs. faculty basketball game.

Character Fund

Throughout our 170-year history, Saint Stanislaus has been a community leader in the formation of young men of character. To make a Saint Stanislaus education attainable for as many young men as possible, tuition has never covered the full cost of the SSC experience. We call our annual appeal “The Character Fund” to make up the difference between tuition and the actual cost of educating each young man who enrolls in our school. Since every current student and alumnus has benefited from this practice, we ask all friends, graduates, and parents of alumni and current students to do for others what was done for you and contribute to the Character Fund. Your support helps us continue our mission and provide for young men as we always have.

Why We Give...
"We support Saint Stanislaus to ensure that future generations of students are able to receive the same formation that has shaped so many men since 1854. We especially value the school's role in developing young men through their formative years, teaching them how to be virtuous in a world that encourages just the opposite. Under the guidance of the Brothers of the Sacred Heart, St. Stanislaus helps young men learn more about our Christian Faith, develop a relationship with God, and grow in appreciation for the Sacraments that will last far beyond the years at school. The all boys setting facilitates vulnerability and trust that lead to life long friendships.

Lastly, Saint Stanislaus provides an unmatched education, giving students the skills to succeed in any academic and professional setting. I believe that St. Stanislaus played a vital role in preparing me for my vocation as a husband, and I trust that the school will continue to provide that same support for generations to come. We contribute to the Character Fund to help keep the cost of tuition lower, allowing more students from different backgrounds to receive the unparalleled education and spiritual development that Saint. Stanislaus has to offer."

Two Students Achieve Perfect ACT Score

SSC is thrilled to celebrate the remarkable achievements of two exceptional students, Gibson Williams and Satvik Kompella, who have demonstrated outstanding academic excellence on the ACT. Gibson has attained a perfect 36 composite score, while Satvik has achieved a 36 superscore.

These achievements are truly extraordinary. In 2023, out of 1.39 million high school students who took the ACT test, only about 2,600 (less than a quarter of a percent) achieved a perfect composite score of 36. Gibson's achievement places him among this elite group of top performers, showcasing his exceptional academic abilities and dedication to excellence. Satvik's 36 superscore, while calculated differently, demonstrates a similar level of academic prowess and consistent high performance across multiple test sessions. Saint Stanislaus is extremely proud of Gibson and Satvik and all they've accomplished, and we look forward to seeing the great things they will continue to achieve in the future!

Check out the WLOX spotlight on Gibson and Satvik.

Marine Science Interns in Action

WELCOME TO
BAYS of BAYOUS
SYMPOSIUM

Our SSC Marine Science interns had an incredible opportunity to present at the Bays and Bayous Symposium in Biloxi, MS—a conference typically geared toward professionals and graduate students in the field of coastal science.
The event brought together leading scientists and experts to explore the unique ecosystems of the Gulf of Mexico, with a focus on coastal research, education, and habitat restoration. Our interns were proud to present their research at the poster session, showcasing two key projects:

-Sam Pike presented on nurdle research with his abstract, "Restoring the Gulf Coast One Nurdle at a Time."

-Evan Cain presented on oyster gardening with his abstract, "Oyster Gardening and the Habitat it Creates."

A huge shout-out to all the interns who contributed: Christian Benzing, Oren Doxey, Sam Pike, Evan Cain, Brett Tyler, and Cole Shirley.

What a unique and valuable experience for our students to engage with experts in the field!
